2010 Municipal Road Maintenance and Safety Symposium

April 18-21, 2010
Hershey Lodge • Hershey, PA

DEPARTMENT OF COMMUNITY
& ECONOMIC DEVELOPMENT

2010 Municipal Road Maintenance and Safety Symposium

Every municipal budget across the commonwealth has at least one big line item: road maintenance and safety. It's your job to keep the roads smooth, free of potholes, without snow during storms and draining properly when the spring rain falls. Additionally, you are responsible for new construction, signage, work zone safety and asset management. How can you be sure you are doing the best possible job with the best possible resources?

During this Symposium, you will hear from road maintenance and safety professionals, and municipal officials who have an eye on new products and technologies. Held in conjunction with the Pennsylvania State Association of Township Supervisors' Annual Educational Conference & Trade Show, you'll have access to the largest municipal trade show in Pennsylvania. Visit with close to 300 vendors. Ask questions about new equipment. Network with other road crews and learn from their experiences, and share your own.

If you attend one training program in 2010, this is the one!
